

# 5 Days Online International Workshop on 3D Printing & Additive Manufacturing Insights March 12-16, 2024

**Department of Mechanical Engineering**  
**NATIONAL INSTITUTE OF TECHNOLOGY**  
**MIZORAM, INDIA**

## About the Institute

National Institute of Technology Mizoram (NIT Mizoram), India was founded in 2010 in the state of Mizoram with the goal of offering education, research, and training leading to B.Tech, M.Tech, and Ph.D. degrees. The institute has been declared as an Institute of National Importance by an Act of Parliament, Gov. of India. The Institute has six departments: Computer Science and Engineering, Civil Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Mechanical Engineering, and Basic Sciences and HSS, as well as a Centre of Excellence in Interdisciplinary Research. The National Institute of Technology Mizoram is highly enthusiastic about promoting science and technology through research activities. The Institute is working to improve its research and development efforts, and the faculty and research scholars are the key to achieving excellence in that area. Faculty members are encouraged to get involved in cutting-edge research and development in a variety of scientific and technological domains.

## Importance of the Workshop

The International Workshop on “3D Printing and Additive Manufacturing insights” is an important step towards improving technology and transforming several industries. This gathering of experts, researchers, and professionals serves as a platform to exchange cutting-edge ideas, innovations, and insights in the realm of additive manufacturing. One significant aspect of this workshop lies in its ability to foster global collaboration. This international exchange accelerates the pace of technological advancements, ensuring that the latest breakthroughs in 3D printing are disseminated globally. In addition, the workshop provides an inducement for research and development. It provides a forum for the presentation of state-of-the-art research findings, encouraging a collective effort to address challenges and explore new frontiers in 3D Printing & additive manufacturing.

## Resource Persons

In this international workshop, researchers, Scientists and faculty members from prestigious national and international universities will present their most current research advances in 3D printing and additive manufacturing.

## Participants

Participants include faculty, scientists, students, research scholars, and industry experts from both national and international universities, colleges, and research institutes.

## How to Register

**All the registered and active participants will be provided certificate. Registration: Free**

**Last date: 11/03/2024, 5:00 PM**

**Register in the link:**

<https://docs.google.com/forms/d/e/1FAIpQLSelfaSRhLjU-N7ZcsmN5AKkxACy-6ZrdGo6Z8QY88etktH0hg/viewform>

## Patron

**Prof. S. Sundar**  
Director, NIT Mizoram, India

## Convener

**Dr. Saurav Suman**  
HoD, Dept. of Mechanical Engineering  
NIT Mizoram, India

## Coordinators

**Dr. Vijay Mandal**  
Assistant Professor  
Dept. of Mechanical Engineering  
NIT Mizoram, India  
Email: vijay.me@nitmz.ac.in

**Dr. Sukanta Roy**  
Associate Professor  
Dept. of Mechanical Engineering  
NIT Mizoram, India  
Email: sukanta.me@nitmz.ac.in

## Organizing Committee

**Dr. Ankit Gupta**  
Assistant Professor, ECST, California State University Los Angeles, USA

**Dr. Shashank Sharma**  
Research Asst. Professor, University of North Texas, USA.

**Dr. Poonam Sundriyal**  
Assistant Professor, Dept. of ME, IIT Kharagpur, India

**Dr. Sarvesh Mishra**  
Assistant Professor, Dept. of ME, IIT Kanpur, India

**Dr. Bidesh Roy**  
Associate Professor, Dept. of ME, NIT Mizoram, India

**Dr. Bachu Deb**  
Associate Professor, Dept. of ME, NIT Mizoram, India

**Dr. H. Lalhmingsanga**  
Associate Professor, Dept. of ME, NIT Mizoram, India
