Subject: Certification of Similarity Verification Reports (Turnitin)

This is for the information of all faculty members, research scholars, staff, and students of NIT Mizoram that the Central Library has established and maintains an official certification format strictly and exclusively for Thesis/Dissertation Similarity Reports generated using Turnitin software.

In accordance with institutional guidelines and compliance frameworks:

Scope of Certification:

The Central Library Authority will issue certifications solely for official Thesis and Dissertation Similarity Reports generated through the institutional Turnitin system, in the prescribed Institute format.

Non-Certification of Other Documents:

No other documents, including journal/conference manuscripts, scholarly articles, term papers, assignments, reports, or third-party similarity checks, shall be officially certified or signed by the Central Library Authority. Users may continue to use their designated Turnitin accounts/access for internal checks, as permitted, but no institutional certification certificates will be issued for such materials.

Format & Adherence:

Only similarity verification reports submitted in conformity with the approved institutional procedure will be entertained for final verification and certification.

All members of the NIT Mizoram fraternity are requested to take note of this policy for kind concern, strict compliance, and future reference.
